PROFESSIONAL SUMMARY

Results-driven Data Analyst with 9+ months of hands-on internship experience transforming raw business data into actionable insights. Proficient in Power BI, Tableau, SQL, and Advanced Excel with a proven track record of building interactive dashboards, automating reports, and enabling data-driven decision-making. NASSCOM Gold Certified by Govt. of India. Ranked #1 out of 19,242 candidates in Data Analytics Assessment with a perfect score of 100/100.

WORK EXPERIENCE

Data Analyst Intern | AIVariant · Hyderabad, India

Aug 2025 – May 2026 (9 Months)

Certificate Code: AIV/25-26/Q2/05/17190

- Analyzed business and sales datasets using SQL and Power BI, generating actionable insights to support KPI reporting for multiple client projects
- Designed and deployed 5+ interactive dashboards tracking revenue, performance, and operational trends — enabling data-driven decisions across departments
- Performed data cleaning, transformation, and validation, improving overall data accuracy and reducing reporting errors
- Automated recurring reporting workflows using Excel and Power BI, reducing manual effort by ~30% and streamlining delivery timelines
- Conducted HR analytics covering employee performance, attrition trends, and recruitment pipeline insights
- Collaborated cross-functionally to gather, interpret, and present complex datasets to both technical and non-technical stakeholders

TRAINING & UPSKILLING

Data Analytics Training Program | ExcelR Solutions · Hyderabad, India Jan 2025 – Jul 2025 (6 Months)

- Completed intensive 6-month Data Analytics program covering Power BI, Tableau, SQL, Advanced Excel, and Python
- Built hands-on projects across food delivery, aviation, and hospitality domains during the training period
- Cleared NASSCOM Data Analyst Assessment with Gold category certification backed by Ministry of Electronics & IT, Govt. of India

Competitive Exam Preparation | Full-time Self Study

2022 – 2024 (2 Years)

- Dedicated 2 years to preparation for government competitive examinations after graduation
- Developed strong analytical thinking, time management, quantitative reasoning, and problem-solving skills
- Transitioned to Data Analytics domain in 2025 aligning with long-term career goals in data and technology

PROJECTS

Zomato Analytics Dashboard [Power BI + SQL + DAX] [View Project →](#)

- Built a multi-page Power BI dashboard tracking 9,500+ restaurants across 10 countries with dynamic filters and drill-down features
- Identified revenue trends, delivery patterns, and price bucket distribution supporting business strategy decisions
- Delivered insights supporting a 15% improvement in customer retention strategy recommendations

High Cloud Airlines Dashboard [Tableau + Excel] [View Project →](#)

- Analyzed 100,000+ flight records to uncover seasonal demand trends and passenger behavior patterns
- Developed Tableau dashboards tracking route performance, occupancy rates, and revenue per seat
- Calculated Load Factor KPI — recommended route optimizations reducing operational overhead by ~10%

Hospitality Data Dashboard [Power BI + SQL + Excel] [View Project →](#)

- Extracted and processed large hospitality datasets using advanced SQL queries and Excel Power Query
- Built dashboards monitoring Rs.1,708 Cr revenue, 135K bookings, and occupancy trends across 4 major Indian cities
- Provided pricing strategy insights and demand forecasting models supporting management decisions

TECHNICAL SKILLS

Business Intelligence: Power BI (DAX, Power Query, Reports, Dashboards), Tableau (LODs, Filters, Groups, Sets)

Data & Databases: SQL (Joins, Window Functions, Schemas, Aggregations), Data Modelling

Spreadsheets: Advanced Excel (Pivot Tables, Power Pivot, VLOOKUP, Formulas), Google Sheets

Programming: Python – Basic (Data Scripting, Pandas)

Analytics: KPI Design, MIS Reporting, Trend Analysis, Statistical Analysis, Dashboard Development

Soft Skills: Attention to Detail, Communication, Problem-Solving, Team Collaboration

EDUCATION

B.Tech – Civil Engineering | Aditya College of Engineering, Andhra Pradesh Graduated: 2022
GPA: 7.25 / 10
